

## ASAMM-Chukchi – Flight 206 – 10 July 2015

Area flown: Transited to the southern part of the study area, but found the ceilings were too low (<1000') to allow surveying.

Total hours flown: 3.9

Total transect hours: 0.0

Number of bowhead whales seen: 0 (no calves)

Weather and visibility: Ceilings were less than 1000' in blocks 22 and 23, so no offshore surveys were initiated. The brief glimpses attained of ocean also revealed high sea states. Fog was in the forecast for Barrow, so no coastal transect was initiated during the return transit.

Sightings: none.
