

Survey Data collection

Survey Hauls within strata

Biological data by species (individual fish samples)

Total catch by Species

- Sex
- Length
- Weight
- Age
- Maturity

Survey data processing

Length frequency
Length-weight

Length-Age Key

Density per area

Stratum population @ length

Stratum population at age

Stratum mean weight at age

Stratum Biomass

Tables for assessment authors

Fishery data collection

Fishery Hauls within strata

Biological data by species (individual fish samples)

Total Stratum catch (Catch accounting system)

- Sex
- Length
- Weight
- Age
